2"X50' vacuum hose in place of standard
Other pump options
Delivery service

Many other options available - please ask

Ask about the in stock program

REMOTE CONTROL PANEL

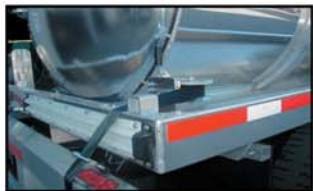

Switch 1: Engages Hot Shift PTO & sets engine RPM to drive pump at correct speed. System also prevents the truck from being driven with PTO engaged.
Switch 2: Controls the work lights
Switch 3: Operates the Burks DC-10 water pump

JUROP PN58 (230 CFM) VACUUM SYSTEM

Standard features include:

- 4 way valve
- Hot shift PTO with automatic RPM increase when engaged
- Right angle gear box and coupling
- Heavy duty drive line
- Secondary moisture trap
- Oil catch muffler
- Pressure & vacuum relief valves
- 30/30 gauge
- 3" valve on discharge with adaptor and dust cap
- 30' of 2" tiger tail hose with valve on inlet line
- 2" bucket fill line with 2" quick opening valve

TRAILER WINCH

Equipped with 20' of heavy duty nylon strap. Eliminates the need to secure straps, come-a-longs and ropes. Can be used to secure one or two toilets on carrier or to secure carrier when in the 'up' position.

TURTLE TILES™ IN CABINETS

Keeps paper and supplies off floor. Custom fitted & installed in both water resistant cabinets.
